HEALTH & SAFETY POLICY STATEMENT TO OHSAS 18001

It is the strict policy of Industrial Batteries (UK) Limited that operations provide a safe and healthy environment in accordance with the requirements of the "Health and Safety at Work Act 1974" and all applicable legislation for the benefit of all employees, plus the business performance.

All employees at IBLUK and as a company are committed to the spirit of OHSAS 18001:1999 and will be working towards third party accreditation and certification.

The Managing Director accepts responsibility for this policy and to fulfil the Health & Safety objectives will provide financial and physical resource to ensure all hazards are identified and any risks are dealt with and reduced to an acceptable level.

In order to eliminate injury or accidents and work related ill-health, good working practices will be required and employees are encouraged to discuss health and Safety issues with their managers and to suggest ways in which improvements can be made to benefit all.

In accordance with the management of Health and Safety at work regulations 1999, Industrial Batteries (UK) Limited will adopt a risk assessment approach for their sub contracted warehouse and distribution activities to ensure the health, safety and welfare of all business related employees and clients who may be affected by our operation and works.

The main policy document is available at the above address for reference by any employee or sub-contractor as required.

We will continually review the suitability of the IBLUK organisation and systems, procedures in accordance with our customer / client demands and expectations. We will strive to keep our health and safety objectives in mind and to seek continuous improvement to our health and safety performance.

J.P.Hall
